VI. Executive Board Reports

a. Academic Affairs: Paul Ahrens

- I got in contact with Darrel. The biggest issues the task force will be focusing on is communication, sharing resources between advisers and faculty, and issues with transfer students/credits. We'd like to devise a flow chart for the advising process if possible to make it easier for students.
- In order to support Darrel in academic advising, members of SGA can simply support the "split-model" that we are enforcing and help other students understand what it is so they are not resistant to it. Contact me with any questions.
- I will meet with the AAC every 2nd Thursday of each month--out next meeting will be Oct. 9.
